May 16, 2021

Dear Praying friends,

Nino, unfortunately, had to endure another 10-day isolation at home this month (due to positive COVID cases in his section at school), and we are even more thankful for the ability to go outside now.

Georgia asked if I could teach her to make soap, so I have had her over a couple of times. Our soap-making encounters have also included spiritual conversations, and she has agreed to do an evangelistic Bible study with me. I hope to do the first (of 4 lessons) with her this week, if **we can pick a date that we are both free. Please pray for her salvation.**

Tom fixed some lighting issues in our church's meeting place and has spent a lot of time with various technological difficulties in our recording setup. These projects often include Diego or Simone, and it is a nice excuse to spend time with others.

Diego helped Tom install awnings on Mario's house (one who recently recovered from COVID). **We continue to pray for Mario's salvation (and others in his family).**

The teacher in charge of **Daniela's exams** has not contacted me yet regarding the details of the exams, so we continue to pray and wait.

We praise God that Ilario has had temporary work for several weeks, but **he is still looking for a long-term work contract.**

Our church acquired a baptismal in preparation for summer baptisms.

Piera finished reading through her Bible for the first time and is interested in doing it again. **Please pray that God will use His Word to convict her of her need of salvation.**

**Please pray with us for the salvation of our friends and neighbors: Alberto, Maria, Liliana, Sandra, Tito, and Monaldo.**

Thank you for your prayers and interest!

For the Sake of His Name,

*Stephanie (for Tom, Daniela, Nino, Angelo, & Gabriella)*
